Colorado State University SAS License Agreement Terms and Conditions For SAS Institute Program Products on Microcomputers

I certify that the SAS software I am leasing is for my personal, educational and/or research use. I further understand that only CSU students, faculty, and staff are eligible to lease software through this program. I certify that I meet these eligibility requirements. I certify that this software is to be used on a single machine at a time. If I need this software for multiple computers, I need to purchase additional SAS software licenses allowing me to only run SAS on the number of computers that I have purchased licenses for. Use of this product outside of the Continental United States and provinces of Canada requires approval by the SAS Institute.

I also understand that I must delete any copy of the program if my affiliation with CSU terminates. I have been informed that the thumb drive I am receiving is loaned to me and must be returned within 72 hours to avoid a replacement charge of \$29.99. Failure to follow these guidelines will result in the replacement charge at the end of the 72 hour period.

My SAS software license and this agreement are in effect from the date of the signature through 6/30/17. To renew my license and this Agreement, I understand I must pay an annual lease renewal fee.
